SUMMARY

Library systems Information Technology Officer and former Team Manager with 7+ years' experience in customer support, technical troubleshooting, and team leadership. Skilled in integrated library systems, discovery tools, and digital repositories. Proficient in Python, SQL, and automation to deliver actionable analytics, streamline workflows, and improve service quality. Experienced in managing high-performing teams, setting performance targets, coaching staff, and ensuring SLA compliance across library, IT, and customer service environments. Strong record in stakeholder communication, vendor coordination, and service improvement initiatives.

KEY ACHIEVEMENTS

Customer satisfaction improvement

Led a team to achieve a 95% customer satisfaction rate in technical support.

Revenue growth strategy

Implemented a sales strategy boosting team revenue by 30% within six months.

Complaint resolution efficiency

Reduced complaint resolution time by 40% through process optimization.

Digital library transformation

Managed a library project, enhancing digital accessibility for 10,000 patrons.

MY LIFE PHILOSOPHY

"Simplicity Over Complexity"
The best code—and the best decisions—are simple, clear, and maintainable. I value clarity over cleverness.

Edsger W. D

TECHNICAL CORE SKILLS

INTEGRATED SYSTEMS

- Supported circulation, acquisitions, and cataloguing. Resolved tickets within SLAs at Georges River Council Libraries.

IDENTITY AND ENDPOINT MANAGEMENT

- Administered Active Directory, Azure AD, and Deep-freeze. Managed groups and permissions at Georges River Council Libraries.
- Imaged staff PCs. Standardised builds and updates at Georges River Council Libraries.

DISCOVERY SERVICES

- Configured and provide recommendations upon discovery of layer and link resolver. Improved search success and access at Core article search from Apple thru TDCX.
- Managed the library's one-search interface for local holdings, similar to Trove at Georges River Council Libraries
- Tuned fields, filters, and relevance to improve findability.
- Set up and maintained the link resolver so citations open the best full-text link.

SCRIPTING AND AUTOMATION6

- Wrote Python and HTML for data cleanup, website management and batch imports at Georges River Council Libraries.
- Built Python utilities to prepare CSVs for Power BI and to QA weekly extracts at TDCX and Telstra.
- Wrote SQL queries for dashboard feeds and ad hoc analysis at TDCX, Telstra, and TTEC.
- Streamlined workflows with Excel, SQL, and HTML at Georges River Council Libraries.

DATA ANALYTICS AND REPORTING

- Built automated performance and usage dashboards in Power BI with scheduled refresh at TDCX and Telstra.
- Used Python and SQL to extract, join, and validate data from Siebel, Telstra CRM, CAT, CORE, and Medallia at TDCX, Telstra, and TTEC.
- Correlated dashboard metrics with NPS and FCR to surface issues and trends.
- Produced Excel reports and templates for planning at Georges River Council Libraries and Telstra.

CRM AND SERVICE PLATFORMS

- Used Siebel and Telstra CRM for orders, case handling, and service changes at Telstra.
- Logged complaints and actions in CAT Customer Advocacy Tool at Telstra.
- Used CORE to diagnose issues and document cases for Apple customers at TDCX. Coordinated device repairs with technicians.

RFID, KIOSKS, EFTPOS AND PC INFRASTRUCTURE

- Maintained RFID gates, eft-POS, self-check kiosks, and print release stations. Reduced downtime across branches at Georges River Council Libraries.

VOICE OF CUSTOMER AND NPS ANALYTICS

- Used Medallia to track NPS, verbatim, and drivers at Telstra, Telstra through TeleTech and TDCX. Produced weekly insight packs for leaders.

TECHNICAL CORE SKILLS

RELEASE AND VENDOR COORDINATION

- Tested, documented, and released upgrades and integrations with vendors at Georges River Council Libraries.
- Compiled defect evidence using Python and SQL analysis at TDCX and Telstra. Included screenshots, sample records, and clear steps to reproduce.
- Attached Power BI and Medallia slices to show customer impact and priority. Tracked fixes to closure.

SECURITY, PRIVACY, AND ACCESSIBILITY

- Monitored compliance across systems and web content at Georges River Council Libraries.
- Protected customer and staff data during extracts and analysis at TDCX and Telstra. Removed PII and followed access controls.

MICROSOFT 365 PRODUCTIVITY

Produced guides and reports in Excel, Word, and PowerPoint. Standardised templates for repeat tasks at TDCX, Supporting Apple, Telstra, Telstra powered by TeleTech and Georges River Council Libraries.

INCIDENT TRIAGE AND ROOT CAUSE ANALYSIS

- Resolved complex hardware, software, and network issues across phone, chat, and email at TDCX and Telstra. Guided users through diagnostics.

CUSTOMER SERVICE AND ESCALATION MANAGEMENT

- Handled complaints and escalations at Telstra, TTEC, and TDCX. Preserved service levels and outcomes.

SERVICE QUALITY AND CONTINUOUS IMPROVEMENT

- Set targets and tracked SLAs. Improved processes using trend data and feedback at Telstra and TTEC.

LEADERSHIP AND TEAM DEVELOPMENT

- Led teams at TDCX, Telstra, and TTEC. Delegated work, coached staff, and ran standups and one to ones.

STAKEHOLDER COMMUNICATION

- Coordinated with vendors, IT, and academic teams. Wrote clear updates and handovers at Georges River Council Libraries, TDCX, and Telstra.

TRAINING AND KNOWLEDGE ENABLEMENT

- Trained staff and students on tools and processes across roles. Produced guides, FAQs, and self-help resources.

PLANNING AND ORGANISATION

- Contributed to managing Lib Apps and WordPress content at Georges River Council Libraries. Kept information current and accurate.
- Strategy team planning, applying team performance management
